

Time Together Supervised Visitation & Exchange Center Intake Orientation for Parents

WELCOME TO TIME TOGETHER! The purpose of our program is to provide a place for children to be and feel safe with their parents. Time Together provides a neutral setting that seeks to treat all parties with equal respect for the best interests of children.

You are here today to share your story and your concerns with the program staff and to learn about how the program works. Please take the time to complete the attached paper work to the best of your ability. The information helps us better understand your situation so that we may assist you and your children in feeling safe and comfortable. Please know that personal, identifying information is kept in the strictest confidence. Your cooperation is greatly appreciated.

Our primary concern is your children. We believe children have a right to a safe and healthy relationship with their parents. To provide such an environment, guidelines for participation need to exist. Please review the guidelines carefully because we want your experience here to be the best possible for you and your children.

After completion of this paperwork, a staff person will answer your questions and orient you to your rights and responsibilities within the program.

Finally, we strive to provide quality care and value your input and concerns about the program. To this end, we may ask you complete a *Confidential Client Satisfaction Survey* while you are participating in the program.

THANK YOU FOR YOUR COOPERATION.
